

IDEAS.

The best cow needs most feed.
Your speech will show your breeding.
Love at work never looks at the clock.
Rattlesnake oil is quoted at one dollar an ounce. Have you any to sell?
A prayer in its simplest definition is merely a wish turned Godward.—P. Brooks.
People who worked in the early spring are now enjoying summer fruits and flowers.

Take Notice.

The State Colored Teachers' Association meets in the Tabernacle July 3, 4, and 5.
On Sunday, June 30, Bro. Dodwell, of THE CITIZEN, will preach at Wallaceon Methodist Church.
The CITIZEN wants ten more student-agents, and will pay liberally for good work. Call or write for our Special Offer.
A convention of the County Sunday School Association will be held in Berea, Wednesday, July 31. Prof. E. A. Fox, of Louisville, State Secretary of the Association, will be present.

FROM THE WIDE WORLD.

Both the Republican and National parties of Havana, Cuba, have decided to accept the Platt Amendment.
In the chief city of Japan, with a population of more than a million and a quarter, there is only one street car line and that is operated by horses.
A Drago on the bench in Paris, France, decided that the rider of a bicycle who was run into by an omnibus and injured, can claim no redress, because riders of wheels were too reckless in forcing themselves into places of peril.
The French Governor Director of Railroads has written to the Woman's Christian Temperance Union of France, that all employees who persist in drinking alcoholic liquors while on duty will be discharged, and that all on the pension list of the government roads will be dropped unless they drop the drinking habit, and will not benefit by the endowment fund in case of accidents. Restaurants on the roads are forbidden to sell liquors to workmen.

IN OUR OWN COUNTRY.

The revised tariff for the Philippines will go in effect July 1. Under it, it is expected that the islands will be able to contribute annually \$12,000,000 to the revenues of the civil government.
A terrific storm in the region of Bluefields, W. Va., on Saturday, destroyed more than half a million dollars worth of property. The loss of life is estimated at about 60. The storm was accompanied by a cloud-burst.
The physicians in attendance on Mrs. McKinley feel sure that the plans for the removal of their patient next week, from Washington to Canton, Ohio, will be carried out. Mrs. McKinley shows marked improvement in her health.
Adelbert Stone Hay, former United States Consul at Pretoria, South Africa, and eldest son of Secretary of State John Hay, fell from the third story window of his hotel in New Haven, Conn., a fall of 80 feet, about 3 a.m. Sunday morning, and was instantly killed. It was thought he was dozing in sleep and lost his balance.
The electrical storms of last week were attended with much loss of life and property. At Columbus, Ohio much property was damaged; at Pittsburg, Pa., four lives were lost; at Lincoln Ill., over \$100,000 worth of damage was done and several towns in West Virginia were swept away, among them Keystone, a place having thirty-five barrooms, the whole place with the exception of one saloon being washed away.

COMMONWEALTH OF KENTUCKY.

Wheat harvest was begun in Woodford county Monday.
Six persons in Paducah and three in Louisville were prosecuted by heat Monday. In Paducah the thermometer registered 101 degrees.
The Christian county grand jury is said to have returned indictments against thirty men for gambling at the Western Asylum in Hopkinsville.
The men back of the company to be organized to put in coke ovens at Pine Hill, Rockcastle county, are much pleased over the discovery of a rich coal vein on their land. The company is to have a \$250,000 plant.
The Williamsburg (Whitley Co.) Oil Company, has leased several thousand acres of land in that vicinity and is preparing to put down a number of wells, confidently expecting to find large deposits of oil and gas.
There is to be a Good Roads Convention in the city of Louisville, June 27 and 28. No subject is more important for the people of Kentucky. Kentucky was a pioneer State in the construction of turn pikes but it needs plenty more, and the Kentuckians do not seem to know much about the making of good dirt roads.

The Pride of Berea.

Pride is a very good thing if it has something to stand on. The pride that has no foundation rests on sheer ignorance and is very contemptible.
Some people are too proud to work and others are too proud to be idle.
Some folks are proud of their family, but that is no credit to a man. He cannot help where he was born.
The things to be proud of are the things which we have done for ourselves.
Now a large number of families in Berea have a right to be proud of their homes. There are dozens of humble houses around our streets, where poor people have established themselves and put in improvements. The house began as a mere box, and by and by clapboards and paint were added, a porch was built around the front, the fence was made straight and neat, and finally flowers and bushes have come to adorn the doorways. We can all take an honest and a sensible pride in these neat and pleasant homes.
And at this time of the year, when the flowers are in their glory, it is a good time for us all to make resolutions and lay our plans for other improvements along these lines before another summer. Berea is proud of its roses and its neatly kept doorways.
